Solis Marine Consultants, Temple Chambers, 3-7 Temple Avenue, London EC4Y 0DA

### EMPLOYMENT HISTORY

2019                      Solis Marine Consultants  
Marine Engineer Consultant

He has brought to Solis many years of experience as a marine chief engineer (steam and motor), surveyor, engineering superintendent and engineering consultant both on vessels and in the oil and gas industry offshore. This has involved the investigation of machinery failures of all kinds including the provision of expert reports leading to the giving of expert evidence. He also provides expert advice on marine engineering issues including competence, maintenance and equipment standards onboard and in construction and repair yards.

2013 to 2019            Braemar Technical Services  
Marine Engineer Surveyor, Aberdeen

1997 to 2013            Surveyor then Principal Surveyor and Regional Director with Braemar Incorporating the Salvage Association, responsible for investigating insurance damage claims in the marine and offshore oil industry, warranty and condition surveys based in Dubai, Singapore and Cape Town, South Africa.

- 1992 to 1997      Rush Johnson Associates  
Loss Adjuster and Surveyor
- Working for a wholly owned subsidiary of The Salvage Association and responsible for surveying, investigating and adjusting insurance damage claims in the marine and offshore oil industry.
- 1981 to 1992      Atlantic Drilling Company  
Engineering Superintendent
- Responsible for all the engineering, maintenance, repairs and certification for the company's semi-submersible and jack up drilling rigs in the North Sea.
- 1980 to 1981      Ben Odeco  
Port Engineer (Superintendent)
- Responsible for the operations and management of offshore supply vessels operating from Puerto Monte in Chile.
- 1966 to 1980      Ben Line Steamers, UK  
Junior Engineer to Chief Engineer
- Seagoing marine engineer serving in all classes of general cargo, container vessels and chemical tankers.
- 1961 to 1965      Hall Russell & Company Shipbuilders, Aberdeen  
Engineering apprenticeship
